Granby, Colorado  
20-23 May, 2002

SCHEDULE (tentative – details to follow with full program)

May 20  2:30 pm  Executive Meeting
      5:30 pm  Icebreaker
May 21  8:00 am  Technical Sessions
May 22  8:00 am  Technical Sessions
      7:00 pm  Banquet
May 23  8:00 am  Technical Tour – Fraser Experimental Forest
                Host: Chuck Troendle

ACCOMMODATIONS

We have a group booking at the Silver Creek Lodge. Because it is off-season, they have given us a great deal on rooms. There are two options:

1) Standard – has a king size bed
2) Studio - has a Murphy bed (double – folds out from the wall) plus a fold out couch (double). Although this set up could potentially sleep four, it would mean two per bed and you would have to be awfully good friends, as the rooms would be cramped with four using them. They are quite comfortable for two people or a couple.
3) Loft – has a Murphy bed and a fold out couch downstairs, with another double bed upstairs.

You should call the reservation desk at 1-800-926-4386 and tell them that you are with the Western Snow Conference. They will book your room and give you the discounted rate. You will need to reserve your room with a credit card. Rooms must be booked before May 6 to receive the group discount rate. Refunds will not be made after 15 days prior to scheduled arrival. They will charge a $50.00 processing fee for cancellations before 14 days prior to arrival.

PAPERS
All papers should be submitted in camera ready form at the conference. Please give your hard copy and a digital copy (on disk or cd-rom) to Kelly Elder. Please do not e-mail your paper. Instructions for authors can be found at the WSC website. Both papers and posters are eligible for publication in the conference proceedings. The expectation is that oral presentations will be accompanied by a submission for the proceedings. Presenters of poster papers are encouraged to submit a paper for the proceedings, but it is not required.

Submission to Hydrological Processes
Authors are encouraged to submit their papers for peer review and subsequent publication in the Hydrological Processes journal. Papers will be subject to a peer review process. Papers that are selected will be published in a special issue of the journal in a joint effort with the Eastern Snow Conference. There are separate guidelines for the Hydrological Processes submission. Authors should consult the directions listed on the WSC website. Note that the deadline for the peer-reviewed paper is May 1.
